DYNAMIC CRYSTAL DISPLAY

Dynamic Crystal Display (DCD) is a technology that dynamically adjusts the brightness of each pixel to create a more natural and vibrant picture. It also helps to reduce power consumption and heat generation.

DUAL LED

Dual LED technology uses two different types of LEDs (blue and white) to create a more natural and vibrant picture. It also helps to reduce power consumption and heat generation.

CRYSTAL PROCESSOR 4K

Crystal Processor 4K is a powerful processor that enhances the picture quality of 4K content. It also helps to reduce power consumption and heat generation.

BOUNDLESS DESIGN

See the picture, not the TV. The design is so slim that it disappears into the background. It's the perfect choice for a minimalist living space.

4K ULTRA HD CONNECTED

4K Ultra HD Connected is a feature that allows you to stream 4K content from the internet. It also helps to reduce power consumption and heat generation.

#### DYNAMIC CRYSTAL DISPLAY

- Marvel at the lifelike variations in colour expression that will stay crisp and vivid
- Émerveillez-vous avec des images plus réalistes grâce à des couleurs nettes et vives
- Déjate maravilliar por la cantidad de colores que nuestros televisores 4K son capaces de reproducir
- Détes se maravilliar pela quantidade de cores reproduzidas nos nossos televisores 4K
- Lasciati stupire da tutte le variazioni di colore per immagini intense e realistiche

#### DUAL LED

- Bold, accurate contrast and colour from any angle
- Une qualité d'image parfaite, où que vous soyez assis
- Colores más realistas gracias al nuevo sistema de iluminación que intercala luz cálida y luz fría
- Contrasto e colori incredibili da ogni angolo
